GroupWise 5.1
https://vetusware.com/download/GroupWise%205.1/?id=17105
Novell's messaging and collaboration platform. Included is two disc ISOs. One is the server and client software, and the other includes just the client (broken into folders for creating floppy disks). Server component requires an existing NetWare server (4.x) to install. Client will run on Windows 9x or NT.
